Is this service for me?

If you are looking for someone to talk to about issues that may be stressful, difficult and / or confusing, and you are aged between 11 - 25 and registered with one of the GP Surgeries listed below:

- Thornfield Medical Group
- Benfield Park Medical Group
- Walker Medical Group
- St Anthony's Health Centre
- Heaton Road Surgery
- Biddlestone Health Group
- Newcastle Medical Centre

Then, Yes! This is the service for you!

What can I expect from these sessions?

- A chance to talk about, explore and understand experiences and issues that might be difficult, stressful or confusing for you.
- The opportunity to talk about tips and tools that might help guide you through and overcome these experiences
- The first session (or 'assessment') will be a chance to discuss what support you need and what to expect from the sessions. We will also agree the practical details with you (like how many sessions there will be and what happens/ who to contact if you can't make a session).
- After this, there will be weekly 1-1 sessions. The sessions will be with the same worker each time, this is to help you feel comfortable and so you don't have to keep repeating yourself. These sessions could take place at your school, in your GP surgery or in a comfortable place in the community. We can also do online/ telephone sessions if that works better for you.
- It might feel scary to open up and talk to someone, but the worker is there to help and support you.
